

Interior Door Offerings

PICTURED: CAMBRIDGE

about us

The brilliance and natural appeal of a Heister House Millworks interior door line is forever a welcome delight in the homes and businesses everywhere. Its charm, the idiosyncrasies of the species, and the beauty of its rich hues unite to create a one-of-a-kind tradition that's truly unique to wood. The Heister House interior door line includes the standard six-panel as well as a selection of upgrades designed to accommodate a variety of design possibilities.

Visit our online portfolio at hhmillworks.com

Heister House Millworks was granted a Forest Stewardship Council (FSC) Chain of Custody Certification, which means we can now offer FSC-certified millworks product. This third-party certification serves as an independent, credible verification process for ensuring the wood we use for your FSC project comes from a responsibility managed forest. It also certifies our ability to track FSC projects throughout all phases of our production process in a way that meets the guidelines established by the FSC.
